

NANO TECH BRANDS.

The delivery platform for the **wellness era.**

96% absorption. Any compound. Dissolves in seconds. A patented strip technology already in 40,000+ stores.

[Investor Overview · 2026](#)

[Fēl Gūd™ product line](#)

— THE PROBLEM

Pills waste most of what you **pay** for.

Typical pill or capsule

10–20% absorbed

Our strips (buccal)

96% absorbed

Most of a pill is lost to digestion. Consumers are done with horse pills and slow, unreliable results. The category is primed for a better format.

— THE SOLUTION

96% absorption. Dissolves in seconds.

Our strips bond any compound onto a dissolvable strip at the molecular level.
Buccal delivery goes straight to the bloodstream. No water, no wait.

96%

Buccal absorption rate

5x

Bioavailability vs. pills

Any

Bioactive compound, one platform

A multi-billion dollar shift, already underway.

- ↗ Dietary supplements \$177B by 2028 · 8.9% CAGR
- ↗ Sublingual / buccal delivery \$4.2B by 2028 · 11.2% CAGR
- ↗ CBD \$47B by 2028 · 21.2% CAGR
- ✓ Consumers moving from pills to faster formats

8 products. 40,000+ stores. Real revenue.

A full portfolio already in market across cognition, energy, hydration, performance, and women's and men's wellness. Sold to consumers under the Fēl Gūd brand.

— POLARIZED TECHNOLOGY

Exclusive license. A zero-capex moat.

A monopole electromagnetic polarization process, exclusively licensed for supplements, neutrals, and peptides, excites molecular resonance to boost potency, then nano-encapsulates each compound.

Excl.

Polarization license: supplements,
neutrals, peptides

Units produced per day

Two revenue engines.

- 1 Direct-to-consumer product sales under Fēi Gūd
- 2 Retail distribution across 40,000+ stores
- + Technology licensing to third-party brands, near-pure margin
- ✓ Platform economics scale without proportional cost

— TEAM

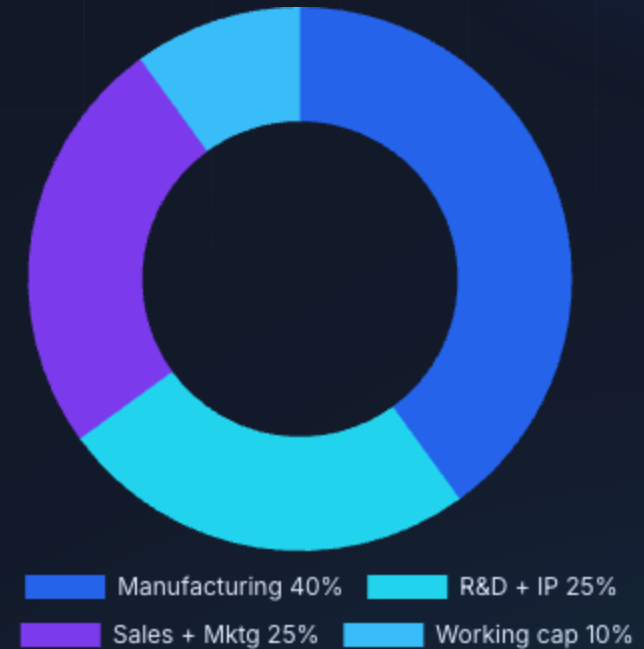

Built by operators, not **slideware**.

Manufacturing, formulation, and national distribution leadership already in seat.
Full executive roster and photos to be finalized.

- ✓ Engineering & machine build · lead formulation · distribution (40k+ stores)
- ✓ Supported by pharma and consumer-product advisors
- ... Executive team names + headshots: TBD (Bee · George · Gio)

Where the capital goes.

- 40 Manufacturing scale-up — increase capacity 5x
- 25 R&D & patent expansion — new formulations, IP
- 25 Sales & marketing — retail + DTC growth
- 10 Working capital — inventory, flexibility

— THE ASK

Join the raise.

We are raising [\$ amount TBD] to scale production 5x and expand the Fēl Gūd retail footprint.

Use of funds per slide 9

Round terms / valuation TBD
